I was at the AHPA/American Bee Research Meeting. The hysteria over neonics continues to grow among the beekeepers.

Glad to hear the Bayer Bee Amabassidors did a good job.

Dave

Missed you at the American Beekeeping Federation (ABF) meeting. In my opinion, the folks manning the Bayer booth at the ABF trade show were well informed and good ambassadors for Bayer.

Tom/Dave,

Attached are the responses to comments/questions from the publisher regarding Chapter 10 (risk assessment). Also attached is the draft book containing revisions/edits to Chapter 10. Please let me know if you need any additional input. Both Anne Alix and I have reviewed these edits/revisions.

Tom
